

To be the best,  
we will...

**HELP** our customers succeed by listening to, understanding and satisfying their needs.

**BUILD** long-term relationships with our customers, associates and suppliers by treating them fairly and with respect.

**EMPOWER** all associates to make decisions that improve individual and group performance.

**PROVIDE** our associates with the necessary tools and training to improve productivity and enhance job satisfaction.

**RECOGNIZE** and reward superior performance, encourage innovation and learn from our mistakes.

**WORK** with our suppliers to provide creative, flexible and reliable solutions to our customers' and our company's needs.

**ACHIEVE** growth and project objectives to assure stability and security for our associates, customers and suppliers.

**CONDUCT** our business in a safe and ethical manner, actively protect the environment, and encourage our associates to participate in improving the quality of life in their communities.
